Volume 56 No. 2 June 2026

EUBS

Does prior exposure facilitate recognition of hypercapnia?

Technical diving accidents in France

Measuring uptake and elimination of inert gas

Transoesophageal vs transthoracic echo for PFO detection

Accuracy of oxygen flowmeters in hyperbaric conditions

Recommendations for long term care in spinal DCS

Diving with bipolar spectrum disorder

Diving after otologic surgery

Rebreather diving fatalities

Four case reports

CONTENTS

Diving and Hyperbaric Medicine Volume 56 No. 2 June 2026

114 The Editor's offering

Original articles

115 Effect of a prior hypercapnia experience on recognition of hypercapnia in divers: a randomised controlled study

Thalia Babbage, Hanna van Waart, Charlotte JW Connell, Nicholas Gant, Simon J Mitchell, Xavier CE Vrijdag

125 Technical diving accidents in France: a 15-year retrospective study reporting a high prevalence of musculoskeletal decompression sickness

Emmanuel Gouin, Anais Caillard, Colin Veses, Marc Luciani, Charlotte Lecomte, Emmanuel Dugrenot, François Guerrero, Jean-Éric Blatteau

137 Measuring whole-body inert gas uptake and washout during submersion

Oscar Plogmark, Kristian Soltesz, Carl Hjelte, Oskar Frånberg

148 Real-world experience of transoesophageal echocardiography for detection of clinically significant persistent foramen ovale

Peter Wilmshurst, Matthew Pearson, Kevin Walsh, W Lindsay Morrison

Technical report

154 Quantifying discrepancy between indicated and actual oxygen flow rates delivered by Comweld Ezi-flow low and standard flowmeters under hyperbaric conditions: a technical report

Yoav Aufgang, Bridget Devaney, Jason Chan, Ian Millar, Theo Tsouras

Review articles

161 Evidence-based guidelines for long-term care in spinal cord-related decompression illness

Camille Dubois, Claire Hentzen, Alexis Schnitzler, Lucile Daubresse, Jean Morin

170 Bipolar spectrum disorders in divers: risks, recognition, and recommendations

Abraham L Querido, Thijs T Wingelaar

177 Evidence-informed decision aid for fitness-to-dive assessment after otologic surgery

Juan Riestra-Ayora, Carlos Fernández-Navarro, Eduardo Martín-Sanz, Manuel F Salvador-Marín

World as it is

185 Recreational and technical rebreather fatalities and diving safety status

Frauke Tillmans, Camilo Saraiva, Sherri Ferguson, Emmanuel Dugrenot, S Lesley Blogg

Case reports

191 The role of hyperbaric oxygen treatment in a case of pyomyositis

Jobin G Bose, Subhranshu Kumar, Sunil Anand, Chandrasekhar Mohanty

195 Spontaneous resolution of choroidal neovascular membrane in the fellow eye during hyperbaric oxygen treatment for retinal artery occlusion: a case report

Umut Dağ, Betül Dertsiz Kozan, Selim Engin Egeren, Hasan Oncül, Mehtap Çağlayan, Mehmet Fuat Alakuş

198 Cerebral arterial oxygen embolism as a complication of hyperbaric oxygen treatment: a case report

Rahul Kumar Ramchandani, Bridget Devaney, Ashish Jaison, Neil Banham, Stephan Roehr

203 Returning to diving and hyperbaric exposure after pulmonary vein isolation for atrial fibrillation

Silvio Zerbi, Luigi Tarsia, Vincenzo Benenati, Dario Nicosia, Gerardo Bosco, Matteo Paganini

EUBS notices and news

208 President's report

Bengüsu Mirasoğlu

209 EUBS Notices and news

SPUMS notices and news

210 President's Report

Stephan Roehr

211 SPUMS Notices and news

213 SPUMS Diploma in Diving and Hyperbaric Medicine (Updated April 2026)

215 Events, courses & meetings

216 Diving and Hyperbaric Medicine: Instructions for authors

(Short version – updated January 2026)
